2026 MSEN Summer STEM Program (GTC)

Gateway Technology Center
3400 N Wesleyan Blvd.
Rocky Mount NC
(on the campus of Wesleyan University)
July 20-24, 2026
9:00am - 3:00pm (7am for field trip days)

The NC-MSEN Pre-College Program at NC State University is sponsoring a summer camp called “**STEM on the Move**”, turning curiosity into confidence and big ideas into real-world impact! Students will explore biology, chemistry, and physics through the exciting lens of artificial intelligence, bringing STEM concepts to life with hands-on, student-led projects.

Campers will enjoy engaging in field trips, connecting with STEM professionals, and using AI tools to solve real problems—all while exploring their own interests. Students will also gain early insight into NC State University’s admission standards, helping them envision their future in STEM.

Fun, inspiring, and future-focused—“**STEM on the Move**” is a summer experience your child won’t forget.

Registration Opens January 30th 2026
